MUSIC OF THE AMERICAN STAGE

Journey with us as we explore music of the American Stage from the last century, including Berlin, Bernstein, Copeland, Whiteacre, Gershwin and Sondheim. You'll hear highlights from some of our most beloved American composers and their songs from the concert, opera and Broadway stages.

"The world, and our community, needs their brand of intimate, excellent music making."
— Jim Ruggirello,
Long Beach Gazette

Great Music. Up Close.sm
